Tuesday, November 1, 2022

9:00am – 5:00pm CDT
Location: Meeting Hub
Registration

1:00pm – 4:30pm CDT
Location: Elm I-II
API Workshop - Pipeline Pressure Cycle Management

Wednesday, November 2, 2022

7:00am – 5:00pm CDT
Location: Meeting Hub
Registration

7:30am – 9:00am CDT
Location: Springwoods Village Foyer
Breakfast

9:00am CDT
Location: Springwoods Village V
Welcome and Opening Remarks
Antitrust Statement & Presentation Ground Rules
• Mark Piazza, API

Line Marking and ROW Safety Case Studies - Moderator: TBD

9:15am CDT
Location: Springwoods Village V
PANEL:
• Accurate Line Locating in a Multi-line Corridor (20 Minutes)
  o Matt Miskelly, Magellan
• Protecting Pipelines, People, and the Environment (20 Minutes)
  o David Boone, Buckeye Pipeline
• ROW Safety Techniques in Difficult Environments (20 Minutes)
  o TBD, LOOP LLC
• Questions (15 Minutes)

10:30am CDT
Location: Springwoods Village Foyer
Break

Improving Geohazard Management through Technology & Innovation – Moderator: Mark Piazza

10:45am CDT
Location: Springwoods Village V
PANEL:
• Marathon Lessons Learned from Recent Geohazard Failure and Program Updates (20 minutes)
  o Kristen Schnipke, Marathon Petroleum
• Geohazard Assessment Following Flooding Events, A Case Study (20 minutes)
  o Andrew Grieg, TransMountain Pipeline
• Enbridge’s Lidar Democratization Journey (20 Minutes)
  o Philip Hestvik, Enbridge
• Questions (15 Minutes)
12:00pm CDT  
Location: Springwoods Village Foyer  
Lunch Break

Advancing Integrity Management Through Operational Improvements - Moderator: TBD

1:00pm CDT  
Location: Springwoods Village V

PANEL:
- **Multi-Sensor Inspection Ball – Moving Beyond Leak Detection** (20 Minutes)  
  - Rick McNealy, Chevron
- **Methodologies of Pipeline Pressure Cycle Monitoring** (20 Minutes)  
  - Juan Espiga, ExxonMobil Pipeline
- **Vendor Manufacturing Related Failures** (20 minutes)  
  - Andrew Cole, P66 Pipelines

Questions (15 Minutes)

2:15pm CDT  
Location: Springwoods Village Foyer
Break

Using Leak Events to Learn and Drive Technology Development – Moderator: TBD

2:30pm CDT  
Location: Springwoods Village V

PANEL:
- **Case Study – Using Incidents as an Opportunity for Leak Detection Program Improvements** (20 minutes)  
  - Michael Plishka, Colonial Pipeline
- **Incident Learnings from a Pump Seal Failure Leak** (20 Minutes)  
  - Eunice Yin and Lichun Zhang, Enbridge
- **Control Center Observations in Response to a Line Failure** (20 minutes)  
  - Chris Yost, P66 Pipelines
- **Lessons Learned from a Pinhole Corrosion Leak** (20 minutes)  
  - Matt Fix, Marathon Petroleum
- **Questions** (10 minutes)

Developing the Pipeline Industry Workforce Through Sharing & Learning – Moderator: Mark Piazza

4:00pm CDT  
Location: Springwoods Village V

- **ExxonMobil’s Pipeline Material Donation Program** (20 minutes)  
  - Nic Medina, ExxonMobil
- **Questions** (5 Minutes)

4:25pm CDT  
Location: Springwoods Village V

Closing Remarks – Mark Piazza

4:30pm CDT  
Location: Springwoods Village Foyer

Reception
